SUBMITTED NOTICE OF RESIGNATION TO CITY IN NOVEMBER

John Craig of Boulder Creek, proprietor of the Ace Cannery at Moss Landing and member of the Daly City city council, has submitted his resignation as councilman.

News of the councilman's resignation was received this week by the Daly City Record from Craig, who said he had submitted it some time in November.

Although the city council was in receipt of the communication several days before the last council session, according to Craig, no mention of his resignation was made during the session or during the closed caucus beforehand.

Acceptance of the resignation and endorsement of Dan Dolan, local building contractor, as Craig's successor is expected at the council meeting Monday, December 22, according to usually reliable sources.

Councilman Anthony J. Gaggero, in a statement to the Daly City Record Tuesday, said:

"All the information I have on the matter is that Saturday evening, December 13, I was informed in a Daly City tavern that John Craig had resigned from the city council and that Dan Dolan was considered as the next councilman.

"The matter was not discussed with me at the caucus meeting Monday, December 15. I have some suggestions to make about an appointment, but inasmuch as I am given to understand that Dan Dolan already is being congratulated as the next councilman, I shall refrain from making those suggestions."

JUVENILE CRIME

Five Boys Charged With Criminal Acts

A rising percentage in juvenile crime throughout the nation was apparent in Daly City last week with the arrest of five youths on criminal charges.

Two young men, residents of Daly City, were apprehended by local police on a charge of car theft and pilfering automobiles in San Francisco.

Another young pair was booked and sent to the Juvenile Home in Redwood City, charged with hit-and-run driving. Their apprehension marked one of the quickest arrests on record — approximately one-half hour after a pedestrian was struck down on Mission street near Leibing.

Jack Silva, 42, 39 Lessing street, San Francisco, was taken to Junipero Serra Hospital by the county ambulance, with double fracture of the left leg and multiple bruises and contusions.

Police obtained a description of the car, which had continued north on Mission after striking Silva, and immediately checked used car dealers to find the owner. The boys admitted the act upon questioning.

Another Daly City youth was cited by police for reckless driving and driving without an operator's license after the car he was driving struck another boy on the grounds of Jefferson High School.

32 Violators Pay Fines Last Week In Traffic Court

A total of 32 traffic violators paid fines in Municipal court during the week ending last Friday. A comparatively small number of speeding citations was apparent.

Those fined on speeding counts were Gino Bechini, $5; Raymond Rand, $5; Louis Susman, $2.50; Peter Szekely, $5; Marie Vardia, $10; Horace Smigelsky, $7.50; Mildred Erickson, $10; Eldon Piper, $5, and Ople Burns, $5.

Largest percentage of the fines collected was for violation of parking regulations. These persons paid $1.50 each for limited or overnight parking citations:

Bruce Leahy, Louis Malatasta, L. Crabtree, Aldo Ceragioli, Herbert Derrungs, Frank Kelly and A. Midlie.

Louis Razzini was fined $1 for violation of the angle parking regulations; A. Laone for parking in a crosswalk, and Frank Marshall, $2.50 for double parking.

Fines of $2.50 each were paid by Ernest Frederick, A. Helbert, A. J. Trinastich and Attilo Barnoli for failure to observe hill-holding regulations. Citations for driving through stop signals were answered by Herman Jolin, fined $2.50; Theodore Kindig, $5; Edna Lundblad, $5; Edward Meagher, $2.50; Robert Morrison, $2.50; William Rueble, $1.50; Rufus Scales, $2.50, and Albert Trussell, $2.50.

Fred Brignardello was fined $10 on a charge of speeding, and driving on the grounds of a public school.

CROCKER PARENTS COMPLETE PLANS FOR CHILDREN'S PARTY

Preparations for a children's Christmas party scheduled for tomorrow were completed Tuesday by the executive board of the Crocker Parent Teachers Association at a Christmas meeting at Mrs. Eve Hobb's home.

Mrs. Frances Haussler, chairman of the children's celebration, announced her final plans and thanked the members for their work on the success of the recent bazaar. All executives expressed their gratitude to the community for its support.

Robert Pool Chosen Den 16 Executive

Robert Pool was elected chief denner of Den 16, Boy Scouts of America, last week in an election meeting after a session of preparation for Christmas.

Other new officers chosen were Dick Hopman, assistant denner, George Spoulos, buckskin, and Dick Hiett, treasurer.

The boys made decorations for their Christmas tree which will highlight the Christmas party slated for this afternoon. A gift exchange and a birthday greeting for Dick Hiett will share the bill.

Den 16, with a membership of seven scouts, has contributed eight and one-half tons of newspapers and magazines to the Pack 36 drive.

Menlo Park Youth Killed; Companions Injured In Crash

One San Mateo county youth was killed this week and two were seriously injured when their souped-up, hot rod car overturned on Stockbridge road in Atherton.

The dead youth is John H. Ralstin, 17, of Menlo Park. The injured, James Doherty, 16, of Atherton, and Erhard Schuman, 17, of San Francisco, were taken to Community hospital.

Police Chief Ed Farrell of Atherton said the accident occurred when the boys were fleeing from Officer Leroy A. Hubbard, patrolman, at an approximate rate of 85 m.p.h.

The tragedy of Ralston's death was related to his parents, Mr. and Mrs. Harmon Ralston, the next morning, when they telephoned the police about their son's absence. Mrs. Ralston said the boy had left early in the evening with his cutdown car.

Patrolman Hubbard reported he first saw the hot rod at about 1:10 a. m., a' it crowded an unidentified car off Stockbridge road. Hubbard stated the Ralston vehicle then started toward his patrol car, apparently attempting the same mischief.

According to the Doherty boy, Ralston stepped his car up to 85 miles when he realized the vehicle was a patrol car. Hubbard said he swung his car around to give chase, but was unable to catch up with the hot rod and cruised toward Woodside road. It was there he heard the accident broadcast over the radio.

Herb Elvander, a Woodside patrolman, arrived at the accident a few minutes after the cutdown car had crashed through a fence and overturned in a field. Ralston, pinned beneath the car, was thought to have died instantly.

The coroner's office said a post mortem examination would be made to determine exact cause of death, as no injuries except bruises on the thighs and face were visible.

Young Artists Play At Music Recital

A specialty song and dance routine to the tune of "Jolly Old St. Nicholas," was presented last Friday by tiny Gwenn Topping, featured in a recital given by her piano teacher, Mrs. Elisabeth Evans, at 1830 Sutter.

The seven-year-old piano student also is proficient at her studies in singing, dancing and horseback riding.

Wayne Pausatero, dressed as Santa Claus' helper in red and white garb, distributed presents to each of the 50 pupils assembled for the occasion. Oranges and popcorn balls were provided for refreshment.

Other Daly City children participating in the recital were Ralph Daniels, trumpet; Lloyd Sinclair, saxophone, and Jerry D'Antonio and Joan and Judy Dunne piano.

JEFF HIGH THIEF AND COMPANIONS IN DARING ESCAPE

Ronald Becker, apprehended by Daly City police last month for breaking into Jefferson High school, was hunted by law officers again this week after a daring escape from the county jail with two prisoner companions.

The three boys, all husky 17-year-olds, made their escape through five unlocked doors in the juvenile annex to the jail. The prisoners squeezed through a 7x10 inch hole in the top of their cell to gain exit.

Walter Moore, chief deputy sheriff, said the boys apparently cut through one bar in the cell door with a hacksaw smuggled to them. From there they fled through a corridor, down a stairway, past the radio room where an operator was on duty, and into the yard where they had to scale a 12-foot wall.

The escape was made, Moore said, between 12:15 and 7 a. m. Jailer Louis Lodi said the barred door between the first and second floors should be locked, but sometimes was left open. The door to the civil section is left unlocked for the convenience of deputies, Moore said.

If any one of the five doors had been locked, it would have blocked the boys' escape.

The boys accompanying Becker were Harold Muller of Daly City, re-arrested in Winnemucca, Nevada, last week after his second escape from the juvenile home in Redwood City, and Phillip Moskowitz of New York, wanted for violation of parole from a Florida penitentiary and for theft of a revolver from a Bay Meadows horseman.

Freeman Suffers Fractured Ribs In Auto Accident

William R. Freeman, 369 Knowles avenue, was taken to Alemany hospital for emergency treatment this week by local police officers.

Freeman told police he had been struck by a car while crossing Mission street at Hillcrest Sunday morning. He exchanged credentials with the driver, he said, but misplaced the information.

He did not seek medical treatment immediately, Freeman said, because no apparent injury resulted from the accident.

Freeman was taken to the hospital later, when his side started to pain. Hospital attendants said he was released to the care of his own physician. Diagnosis showed fractured ribs.

Failure To Serve Food May Result In Bars Closing

Two Daly City bars and three taverns in Colma are included in a list of 43 San Mateo county bars ordered closed by the State Board of Equalization if they haven't complied with food service laws by January 12.

Those on the list for suspension are:

Thomas and Lois Plant, 6456 Mission street, Daly City; Andrea O. Sardi, 6282 Mission street, Daly City; Guilio and Tognoli, Colma; Dan J. Silvestri, Rainier street, Colma, and Malloy's Springs, Colma.

GRAND HOLIDAY CONCERT SLATED FOR SUNDAY

The Grand Holiday Concert scheduled for Sunday afternoon in the auditorium of Our Lady of Perpetual Help school, promises to be one of the best performances ever rendered by the prize-winning Daly City Band.

Under the baton of George E. Brenner, conductor, the instrumental group will present a varied program of well-known Christmas selections, together with an impressive list of band marches and novelty numbers.

Sister Superior Clarice will direct her church choir in the presentation of several carols; vocal soloists will be presented as well as instrumental combinations.

The concert scheduled to commence at 2 p. m., will be open to the general public. The Daly City Recreation Department and the municipality join hands as sponsors.

School Children To Get Two Weeks Christmas Holiday

Sixteen full days of holiday festivities are in store for school children beginning Saturday, December 20.

Jefferson High school, as well as the four Daly City elementary schools and Our Lady of Perpetual Help school will close their doors tomorrow afternoon, not to re-open until the Yuletide is well over—on January 5.

NEW COURTHOUSE ROW RAGES AT REDWOOD

A new courthouse row — this time between County Executive Frederick Peterson and the district attorney's office — has begun in Redwood City.

The argument centers on degree of Peterson's executive powers and the district attorney's "motive" in association with the county board of supervisors.

"Mr. Peterson thinks he has veto powers, which he hasn't," charges Daniel E. Sullivan, assistant district attorney. "He thinks he's president of the county."

Peterson's counter-challenge was a statement that Sullivan is rendering decisions favorable to the board because "the supervisors have the power to raise his salary and I haven't."

The argument resulted from a complaint by Bradlee Smith, purchasing agent, who claimed he was given contradictory orders by the board and the executive. Sullivan's decision was favorable to the board.

Sullivan, upon request of both the civil service commission and Russell J. Cooney, personnel director, ruled that Peterson would have no grounds to fire Smith for insubordination if he so desired. He added that the attorney had ruled identically on three previous cases of the same nature, and therefore there was no need to ask their opinion again.

Peterson challenged the decision with the statement:

"There has been no opinion from the attorney general on this specific issue. I certainly would dare the district attorney to ask for one."

Dr. Budaeff, Jeff Glee Club Entertain Lions Club Wed.

Dr. Ivan T. Budaeff entertained members of the Daly City - Colma Lions Club Wednesday with tall tales of his fishing experiences at their luncheon in Estrada's Spanish Kitchen.

Dr. Budaeff's fish stories, which filled the meeting place with rollicking laughter, were in contrast with the second portion of the entertainment — the Jefferson High School glee club in a program of Christmas music, under the direction of King Stephens.

Wednesday night, the Lions lost 2-1 to Kennedy Electric in a bowling tournament at the South City Bowl.

Pencils

The word "pencil" originally meant a small, fine-pointed brush used in painting, according to the Encyclopaedia Britannica. The finer camel's-hair and sable brushes used by artists are still called "pencils," and the word is derived from a Latin term meaning "little tail."

THE CHRISTMAS STORY

"And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed. And all went to be taxed, every one into his own city.

"And Joseph also went up from Galilee out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David:) to be taxed with Mary his espoused wife, being great with child.

"And so it was, that, while they were there, the days were accomplished that she should be delivered. And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

"And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

"And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord. And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger. And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory to God in the highest, and on earth peace, good will toward men."

This eternal story, as told in the second chapter of St. Luke's Gospel is ever new. It is told again at this season as men celebrate the birth of the Prince of Peace in song and ceremony. The great need today, as always, however, is that men worship not merely in words but in deeds — that they practice Christ's precepts in their daily lives. When they do this, the fatherhood of God and the brotherhood of man will become a reality on earth and war and want will be known no more.

Anderson To Appear On Drunk Driving Charge

Walter J. Anderson, 41, No. 5 Chico street, San Francisco, was released on $125 bail this week after his arrest last Saturday on a charge of drunk driving.

Anderson was picked up by Daly City police on the Junipero Serra highway. He is scheduled to appear before Judge William Sweeney Friday in Municipal court.

SAFEWAY BANDITS MAKE GET-AWAY IN STOLEN CAR

Every official police car in the county of San Mateo was called into service last week in a two-county road block for two men who held up a Safeway Store near Daly City.

A stolen car used by the bandits was found later, abandoned in Daly City.

According to the robbery detail of the San Francisco Police Department, the two armed, masked men had entered the store at San Jose avenue and Alemany boulevard just after it opened in the morning. Eight clerks and five butchers were in the store, as well as three customers.

The bandits ordered Edmond L. Williams, clerk, to open the safe and cash register, and after emptying the contents into a sack, made their get-away in a stolen tan coupe.

Edward Stevens, butcher, told police he left through a side door to where his new car was parked, and gave chase as far as Tanforan race track. He lost them, he said, because he was afraid to step his new motor up to 70 m.p.h.

Ernest Werder, deputy fire warden, helped direct the search from the county's fire fighting plane. Deputies from San Mateo county said at least 50 cars were on the lookout for the men.

Safeway Stores, Inc., did not reveal their loss, although they said it was believed to be large.

Insurance Official Says 90% of Accidents Aren't

The great sober and startling truth about our nation's automobile accident toll is that 90 per cent of all automobile accidents are not accidents in the true sense of the word.

Walter Rector, local Farmers Insurance Group representative reveals that automobile insurance claim files and national safety organization statistics show that "driver" errors are responsible in all but approximately 10 per cent of motoring accidents.

Rector also states that lack of driving courtesy by operators is one of the biggest obstacles in the path of lowering America's automobile accident rate and urges Daly City drivers to use "driving courtesy" and keep your holidays happy.

Citation, Damaged Cars Teach Man Value of Ordinance

Robert R. Rice, 433 Huron avenue, discovered last Sunday that these "bothersome" traffic ordinances have their purpose — and that violating them can be a pretty expensive proposition.

Rice ended up with a traffic citation, two bills for damages, and a slightly battered car as a result of parking his DeSoto coupe in an incorrect manner.

The Daly City man was cited for violation of the hill-holding ordinance when his car, which had been parked in front of No. 6 Vista Grande avenue, rolled down the hill and hit a Plymouth sedan belonging to Clarence Erickson, 40 Woodrow street; then ran down another block and struck a Plymouth coupe owned by Edwin A. Zugar, 421 Vista Grande avenue.

Rice's damaged car was towed to the Daly City Garage.

Hickey Pays $200 For Drunk Driving

George V. Hickey, of Colma, was fined $200 in Justice court Thursday on one of three traffic counts.

Justice of the Peace John J. Fahey pronounced judgment of $200 or 20 days sentence on Hickey's second conviction of drunk driving. Hickey paid the fine.

Fines of $25 on a speeding count and $10 for driving through a stop signal were suspended.

MOTHER SINGERS HOLD CHRISTMAS PARTY LAST WED.

The Mothersingers of Jefferson School district, a group of school children's mothers, observed the holidays last Wednesday with a party at the home of Mrs. Carol Freeland, 156 Irvington street.

The Freeland home was decorated gaily for the occasion, with red and green predominating in the color scheme. Luncheon was served by the hostess.

Principal topic of discussion during the business session was a campaign for more voices in the group.

After the meeting, poinsettia plants were presented to Mrs. Marjorie Ochander, director, and Mrs. Ethel Grey, pianist. A session of carolling concluded the gathering.

The group will meet again at 9:30 a. m. January 7, in the Masonic temple on Hillcrest drive.

Those present were Eve Hobbs, Jefferson High School P.T.A. president; Marie Miller, Woodrow Wilson P.T.A. president, and Frieda Cady, Marjorie Ochander, Ethel Grey, and Edna Hyers; Carol Freeland and Mary Lauffenburger, of General Pershing; Frances Haussler, Crocker P.T.A. president, Edith Anderson, Alice Stevens, Margot Hermanson and Boots Carlyle, of Bayshore, and Lee Stura of San Mateo.

Party for Children Planned for Tonight By St. Mary's Court

Members of Court St. Mary, Catholic Daughters of America, will entertain their children tonight with a Christmas party at Our Lady of Perpetual Help school.

Valetta Ennis and Magdelene Savage are co-chairmen in charge of the affair.

At their meeting last week, the women received the names of the recipients of their CARE package.

Gladys Walden, in charge of labels and wrappers for the Lady Go Lucky program, asked that they be turned in before January 9, when the Court will go on the air. They will be accepted at the school cafeteria or at the home of Mrs. Kate Core, 43 Wilson street.

Baby announcement cards were received from Mrs. C. Tamony and Mrs. H. Salisbury, two past grand regents of the court.

Girl Scouts Make Gifts For Parents

Gifts of handcraft for their mothers and fathers were made last Thursday by Girl Scouts of Troop No. 2 at their meeting at 101 Parkview street.

Hot pot pads will be given as Christmas presents to the girls' mothers, while their fathers will receive unique Christmas cards with attached pipe cleaners.

Mothers have been invited to attend the Girl Scout Christmas party scheduled for today.

Approximately one dollar's worth of camp saving stamps was sold at the meeting.

GALA XMAS PARTY FOR LOCAL CHILDREN SLATED NEXT MONDAY

The annual Christmas theatre party given each year for children of Daly City is scheduled for 12 noon next Monday in the Daly City Theatre.

A versatile program of entertainment has been planned, with children's film features highlighting the bill.

Shirley Temple, the now grown-up star, will be seen as she appeared 10 years ago, in the picture "Poor Little Rich Girl." Other features will include "Bonnie Lassie," a musical; two short subjects, "Throwing the Bull," and "Check and Double Check," and a bouncing ball film for community singing.

Additional entertainment will be provided by 35 young students of the Betty-May Dancing Studios of San Francisco, in a children's dance review.

Free candy will be distributed by Santa Claus after the show.

Mothers with young children will be provided ample space in the balcony. The party is expected to continue until 3 p. m. Tickets will be available Friday to children at schools throughout the city.

Sponsors of the party are the Daly City Recreation Department, the Women's Civic Club, and Mrs. John W. Marchbank.

Welsh Pays Fine For Disturbing the Peace

Harry Welsh, 382 Lexington avenue, San Francisco, forfeited a $25 bail bond in Municipal court before Judge William J. Sweeney last Friday.

Welsh pleaded guilty to being drunk and disturbing the peace in the vicinity of 7123 Mission street December 5.

Presbyterians To Have Christmas Services Sunday

The Grace Presbyterian Church, Hanover and Evergreen streets, has invited all persons who have no other church affiliation to join its congregation for Christmas services Sunday.

The full day of Christmas worship will begin at 9:45 a. m. with Sunday school classes. Morning worship will be held at 11 a. m. A nursery for younger children will be open during this hour.

Christmas anthems will be sung during the services by the Grace choir. Dr. William Harberts, pastor, will deliver the Christmas message and administer the Sacrament of Baptism.

The three departments of the Sunday school will present their Christmas program at an evening assembly at 7 p. m. in the church. Young people and choir members will go carolling at shut-ins' homes after the program.

A program and party for primary children and beginners will be held at 3:30 p. m. Monday, under the direction of Mrs. William Shreve and Mrs. A. G. Benofsky. Parents and friends have been invited.

Three League Games For Sunday

Two Class AA American League games and one independent baseball contest will be played this Sunday on the Marchbank Park field as the Winter Baseball League season draws to a close.

In a 10 a. m. contest, the Double Rock Eagles will compete with the Daly City team. A noon game will see the Harrison A.C. club versus Guadalupe Parlor, and the Daly City nine will meet a challenge by Buzz's Shamrocks at 2 p. m.

Tanforan Track Condemnation Is Sought

Proposed condemnation of Tanforan Race Track was brought before the San Bruno City Council in session last Wednesday by Louis Traeger, city building inspector.

Request that the track be condemned was made on the stated grounds that "the clubhouse grandstand joists are bearing on nothing at all."

"I don't understand why the stands did not collapse during the last meeting," Traeger added. Proceedings should be started at once."

In answer to City Attorney Rudolph Rapsey's warning that the track is under a federal court injunction which bans any work there, Traeger said the present owners could get a modified injunction permitting them to wreck the structures.

"The owners want us to condemn the track," Traeger stated. "I already have taken it up with them."

THE RECREATION DEPT. MAKES SUGGESTIONS FOR CHILDREN'S PLAY

The Daly City Recreation Department, in co-operation with the National Recreation Association, has released for publication a series of bulletins containing important and useful information for both school instructors and parents.

Here we will reprint excerpts from the association's bulletin on "Toys for Children," one of the many problems given time and attention by all recreation directors and which should prove helpful to all persons who direct children's play.

"Mrs. Marion McDowell, extension specialist in family relations at Rutgers University, was featured on an NBC radio program in December, 1946, and made suggestions concerning the kinds of toys to buy for youngsters for Chirstmas. These are some of her suggestions:

"In selecting toys, keep in mind safety, attractiveness, durability and variety of use. Begin with simple toys and add to the collection as the child grows. Well-chosen playthings help growing bodies and minds to develop.

"For the baby — get washable things, with no sharp points or edges, no poisonous paint, no buttons to pull off. Rattles of plastic, soft cuddly animals, bathtub toys, a string of big beads or buttons, and a rubber ball are a baby's delight. Soon he will enjoy a wooden spoon, a nest of pans, a cup and spoon, your darning ball or gourd, and a ball with a tiny bell inside.

While learning to walk and run, toddlers often fall. They like big things to hang on to and push around. Some have used the tea wagon or a footstool, and some fathers have mounted a strong, smooth wooden box on casters or "domes."

Now he is old enough to need three kinds of playthings: for active play, a push and pull toy — large, lightweight hollow blocks, a wheelbarrow strong enough to sit in, a hammer and peg set; for creative play, provide small blocks, peg toys, large beads or spools to string; for imitative play, add a doll carriage, doll cradle or bed, a soft doll, unbreakable dishes.

During the preschool period, from two to six, play is a serious pursuit. Playthings are the tools which assist learning. Every child needs time to use his own ideas without interference, and sometimes the chance to learn to play with others.

For active play, consider a slide, swing, ladder and big box, boards and boxes — a tricycle if there is a place to ride. For creative play, provide crayons and clay or a substitute, blunt scissors and paper, a scrap basket, take-apart toys, puzzles, paints, and musical materials such as clappers, drum, triangle.

For imitative or dramatic play, preschool children like a doll to dress and undress, doll furniture, cooking and laundering equipment, storekeeping toys, transportation toys, books and pictures.

No child needs all the articles in any group, but he should have at least one from each. No longer are small children expected to put away all playthings without help. They need a "lift" when tired at the end of the day. Make "putting away" as jolly as is possible.

Remember that every child needs companionship with other children, a little at first, more as he grows older. Playing games and helping grown-ups are valuable experience too.

PATH TO PEACE

Two factors which would contribute mightily to lasting peace are effective dissemination of the truth about America behind the "iron curtain" and elimination of the fatalistic belief among people in general that war is inevitable.

In regard to the first factor, Rear Admiral Ellis M. Zacharias, famed for his wartime broadcasts to Japan, recently declared that if we had a propaganda agency to constantly repeat the truth, and if this "agency using press, radio and the movies were now under way the whole situation in Europe would be different."

As to the second factor, Erwin D. Canham, editor of the Christian Science Monitor said in a Toronto speech, "There are, of course, points of friction between the United States and the Soviet Union, but there are no fundamental conflicts which need lead inevitably to war. Therefore, the first problem of peace seekers is to repudiate defeatism which declared war to be unavoidable and to expose the fatal shortsightedness which speaks of a 'preventive' war."

As a nation, we must be as vigorous in waging "peacefare" as we were in carrying on warfare. While tthe shooting was going on we went to great lengths to get our story to the peoples of enemy countries. On the home front we didn't tolerate any thought of defeatism.

Why should we now be less determined to tell the people behind the "iron curtain" our true aims and motives, and why should we be any more willing to accept war as inevitable during peace than to accept defeat as inevitable during war?

CHURCHILL ON SOCIALISM

With his usual eloquence Winston Churchill is making it clear to the British people that the socialistic plans of the Labor Government must either be greatly modified or completely abandoned if Britain is to survive.

His recent declaration at Manchester is one which his people, and those in America who still think Socialism is a cure-all for economic ailments, should earnestly heed.

Said he, "I am quite sure that Socialism — that is to say, the substitution of State control by officials instead of by private enterprise—will make impossible for 48,000,000 people to live in this island, and that at least one-quarter of all who are alive today will have to disappear in one way or another after enduring a lowering of standards of food and comfort inconceivable in the last 50 years. Emigration, even if practiced on a scale never before dreamed of, could not operate in time to prevent the melancholy decline."

'The elimination of the profit motive," he went on, "and of self interest as a practicable guide for the myriad transactions of daily life will restrict, paralyze and destroy British ingenuity, thrift, contrivance and good housekeeping at every state in our life and production, and will reduce all our industries from a profit making to a loss making process.

"I believe that the monopoly by the State of all means of production, distribution and exchange would be fatal to both our material well being and to our personal freedom."

With England's economy steadily weakening under tthe dead hand of Socialism and with personal freedom being more and more restricted, it appears that much of what Mr. Churchill fears has already come to pass.

County Property Tax Low In Ratio To State Increase

Assessed value of taxable property in San Mateo county for 1947-48 was 13.4 per cent greater than that for 1946-47, California Taxpayers' association reported today. The increase is made up of 9.4 per cent increase in the valuation of land; 12.6 per cent increase in value of improvements on land; 34.2 per cent increase in taxable value of personal property and money, and a 32.9 per cent increase in exemptions, the association found.

Total valuation of taxable property in the county for 1947-48 is $173,818,809, the association said. Value of land is $59,750,785; improvements on land, $96,489,185, personal property and money, $29,437,098. Exemptions reduce these items by $11,858,259.

Over the state as a whole, total taxable valuation for 1947-48 is 20.8 per cent higher than that for 1946-47. This increase is made up of a 19.6 per cent increase in the value of land, 18.5 per cent increase in valuation of improvements, 29 per cent increase in value of personal property and money. Exemptions, state-wide, increased by 27.6 per cent.

Total value of taxable property in California reached $10,994,622,625 for 1947-48, the association said. Of this, $4,230,053,385 was in land, $4,741,961,635 in improvements on land, and $2,447,020,780 in personal property and money. Exemptions from taxation have an assessed value of $424,413,175.

"The 20.8 per cent increase in total taxable valuation throughout the state means that each cent of tax rate levied for 1947-48 is bringing in one-fifth more than a cent did for 1946-47, on the average," the association said.

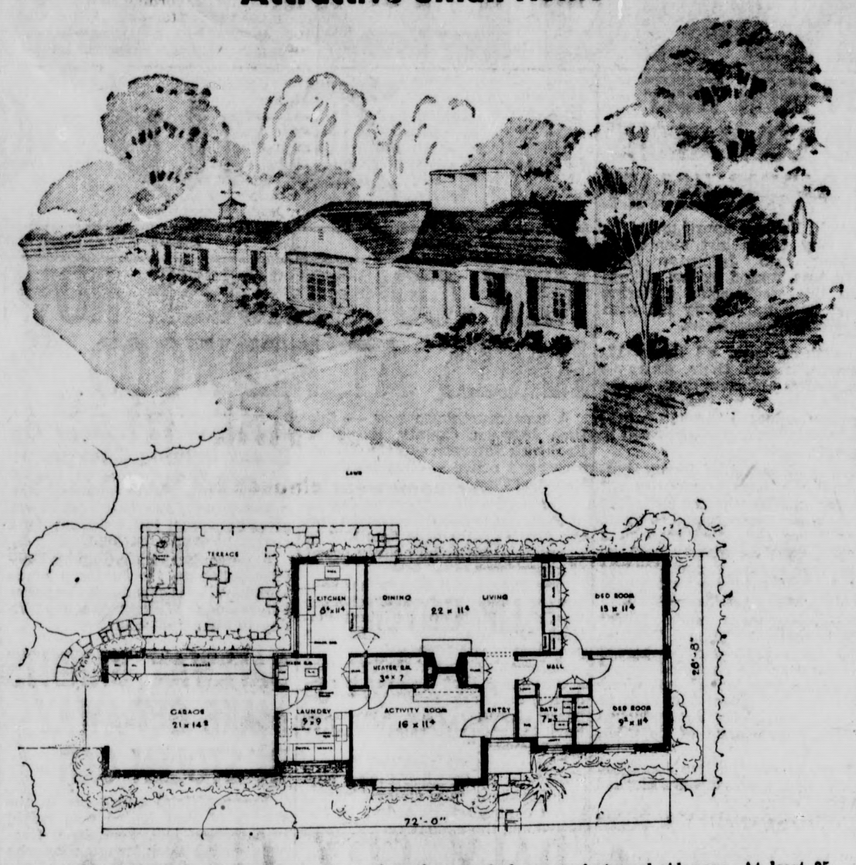
Noise or Carbon—Which?

"Silence-seeking motorists carry matters somewhat too far occasionally," states L. G. Evans, general service manager for National Automobile Club. "To iron out the last tiny click in the valve gear, they have the closest kind of adjustments made. The effect is designed to induce the formation of carbon as well as to reduce the engine's power output. Silence is all right, but engine experts are convinced that it should not be carried too far."

Attractive Small Home



A small house looks very pretentious when the attached garage is turned sideways. At least 25 feet should be provided for a turning radius however on an interior lot. Emphasis has been placed on the living and work center in the plan. The U-shaped kitchen, the built-in laundry, the activities room, the wash room and hobby garage are grouped to save steps in the daily routine of living. With radiant floor heating, drafts and cold floors are no problem. It comprises 1290 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

Tax Return Mail Halted Until After Christmas

The mailing of federal income tax returns to taxpayers of the First California District has been halted until after the Christmas season, Collector of Internal Revenue James G. Smyth said today.

More than a million returns have been mailed. Approximately a million more returns will be mailed after December 25. The reason for halting the mailing of income tax returns is to ease the burden on post offices in facilitating the delivery of Christmas mail.

The Collector pointed out that 90 employees are still urgently needed in the San Francisco internal revenue offices to assist in the processing of 1947 income tax returns. Typists and bookkeeping machine operators are especially needed. Applicants should apply to Paul V. Doyle, chief office deputy in room 1310 at 100 McAllister street, San Francisco.

Foolish Risk

If you could add up all the minutes you have saved by jaywalking, you would find the total insignificant in comparison with the risks you have taken.

Shock Absorber Care

Shock absorbers may be automatic, but not to the point of replenishing their fluid, states the service department of National Automobile Club. Riding comfort and prevention of shock absorber wear are both dependent upon the motorist's remembering that he still has the job of attending to the liquid supply in the spring control devices.

LETTER TO EDITOR

December 10, 1947

Dear Mrs. Marchbank,

I read of the death of Mr. Marchbank in the Palo Alto Times the other day and I wish to send my deepest sympathy.

Years ago, in 1931 when I was eleven years old, I remember receiving dimes and tickets to the Daly City Theatre. All the kids in the neighborhood would form long lines outside his house on Saturday morning. At noon, Mr. Marchbank, and another man who had only one arm, would open the big front door and sit in the doorway and pass out tickets and dimes to all the children.

Those were happy moments for us. I was rather lucky, but I knew of other boys and girls who wouldn't have been able to go to the show if it hadn't been for those tickets and dimes. Two brothers across the street would give their two dimes to their mother and go to the show with their tickets. That usually meant two loaves of bread.

Sometimes we'd see the Big Car drive into the yard just before the tickets were given out. Someone would say, "He just came back from the mint with our dimes."

I lived in Daly City for about fifteen years on Bepler street. My father was a volunteer fireman in Company No. 1.

Now I am married and have a little boy who will be two years old December 25th.

I want to tell you I remembered one of the little things Mr. Marchbank did for "us kids." It looked pretty good in the eye of an eleven year old.

Sincerely,
Mrs. Gladys E. Nuttall
2357 Glen Way
East Palo Alto, California

Anglers Have Luck

Steelhead and silver salmon anglers have had first-rate luck lately along the Eel river in the vicinity of Fortuna, Humboldt county. They have landed some sizable fish.

Camp Beale Houses To Be Available For Veterans

H. H. Jaqueth, chief of the local Allocation Division of the State Department of Finance, today announced that negotiations are nearing completion for purchase of a substantial number of buildings at Camp Beale, near Marysville, for resale to veterans and farmers under the state war surplus housing program.

Jaqueth said the number of buildings to be available has not yet been determined. Final arrangements for the purchase are being made with R. N. Peterson, project manager at Camp Beale for the War Assets Administration.

The sale is expected to be held shortly after the first of January.

Applications for eligibility to purchase should be filed immediately by those interested in obtaining buildings. Veterans may file at any county veterans' service office or community veterans' service center, and must furnish a certified or photographic copy of discharge. Farmers should contact a local farm labor placement office or county farm adviser.

Sales to veterans and to farmers are made under separate Legislative enactments but both are administered by the local allocation division. Veterans may purchase buildings only for housing of themselves and their families, and structures purchased under the farm program may be used only for housing of farm labor.

News Column For The Veterans

December 31 is the deadline for veterans of World War II who have allowed their National Service Life Insurance term policies to lapse, to reinstate them without the necessity of a physical examination, Veterans Administration has warned.

After the deadline date, policies that have lapsed more than three months cannot be reinstated without the veteran proving his insurability by a complete physical examination.

At the present time, and until the end of the year, a veteran may reinstate term insurance in most cases by simply signing a statement to the effect that his health is as good as it was at the time of lapse. Then, by payment of two monthly premiums, his insurance can be reinstated.

Student veterans are warned that if they drop out of schools and colleges before completing their courses they will have to comply with more strict requirements before getting a VA certificate to reenter training under the G.I. Bill.

Veterans must obtain a supplemental certificate of eligibility from VA before changing from one school or training establishment to another.

A veteran, who of his own volition interrupts his training at a time other than at the end of a term, semester or training period, will not be issued a supplementary certificate until he establishes satisfactory evidence that:

1. His interruption resulted from good cause, such as illness, economic conditions, or other circumstances beyond his control.

2. The institution or establishment in which he was training is willing to reaccept him as a student or trainee.

Driving While Drowsy

Don't drive while drowsy, warns the public safety department of National Automobile Club. It is easier than you think to fall asleep at the wheel. If drowsy, pull off the road, arouse yourself by walking around in the outside air for a while, or even take a nap.

Julius Castelan, Demo. Committee Head Ousted

Julius F. Castelan, Daly City engineer, was ousted from chairmanship of the Democratic County Central Committee last week in an election which climaxed months of friction.

The chair was declared vacant by a 9-5 vote after a long session of bantering back and forth between Castalan's supporters and the opposition. Howard Watkinson, San Mateo High School teacher, of Burlingame, was chosen temporary chairman.

A special meeting was called for December 22 to reorganize and elect a permanent chairman.

Castelan was defeated in a series of motions, each of which was bitterly fought by the chairman. He charged his opponents with "crucifying me because I'm for Truman, and you're in favor of Wallace."

An opinion by the state attorney general's office that only members of the committee regularly elected or appointed to fill vacancies could vote was read by Castelan, and accepted before the proceedings. The right of appointive members to vote had brought about an angry dispute some weeks ago.

Original request for Castelan's resignation as chairman came from Charles Bloomer, South San Francisco CIO official, on the grounds that a constant "clash of personalities" would endanger the committee's unity in the 1948 campaign.

Pecan Nuts

Pecan nuts are North America's greatest contribution to the world's nut market, according to the Encyclopaedia Britannica. Although the species has been introduced into many foreign countries, production is not important outside of the United States and northern Mexico.

Too Tough to Die
At the apex of its glory as a western mining town, Tombstone, Ariz., was as important as San Francisco. Its mines played out, but today Tombstone is enjoying a resurgence as a health mecca, making good its boast of being "The Town Too Tough to Die."

Frozen Foods
When frozen food has been thawed it should not be refrozen, food utilization specialists of the State Extension service point out. Refreezing not only decreases the flavor and food value, but offers chances for spoilage organisms to flourish.

Mothers' Club Perpetual Help Has Holiday Meet

Two new members were accepted into the Mothers' Club of Our Lady of Perpetual Help School and one was received in renewed membership last Friday at the group's Christmas meeting.

Mrs. Clara Cecc[illegible]lo of Angel's Camp and Mrs. Camille Clarke were the new members. Mrs. Lorraine Wall of Sonora re-joined the club.

After a brief business meeting during which Mrs. Isabelle Liberti, president, reported on the success of the December 7 bazaar, the women exchanged gifts.

Federal Employes Will Work Only Half Day Wed.

Postmaster William H. McCarthy announced last week that President Truman, by executive order, has proclaimed a half-day workday on Wednesday, December 24, for all federal employes.

The order is applicable to classified employes of the post office. It will give overworked letter-carriers and clerks a breathing spell in which to enjoy a little of the holiday spirit which they help to spread so generously, McCarthy said.

N.D.G.W. To Sponsor Rummage Sale This Week

A rummage sale, sponsored by Guadalupe Parlor, Native Daughters of the Golden West, will be held Wednesday, Thursday and Friday of this week at 1518 Ellis street.

Violet Guinasso, chairman, announced Monday that exceptional values will be found in all articles on sale—especially in clothing.

Druid Christmas Party To Be Held Monday

Secret Pals in Green Valley Circle, Ancient Order of Druids, will be remembered next Monday when the group holds its annual Christmas party in Guadalupe hall.

Connie Castelli, chairman of the affair, has guaranteed an entertaining evening to all those planning to attend.

Salmon Fishing

Salmon fishing has been good recently along the Russian river in the Sonoma county area. Some good catches have been made in the vicinity of Duncan Mills.

YOU ARE HEREBY DIRECTED to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons — if served within this County, or within thirty days if served elsewhere.

The said action is brought to obtain a judgment and decree of partition of the following described real property:

PARCEL I

All that certain real property situate in the County of San Mateo, State of California, described as follows, to wit:

BEGINNING at a point in San Francisco Bay, 30 chains East and 20 chains South of a granite monument set on the northerly line of Section 15 in Township 3 South, Range 5 West and 30 chains West of the northeast corner of Section 15; thence along the West line of Section 14, South 20 chains; thence East 20 chains; thence North 20 chains; thence West 20 chains to the point of beginning.

Being Tide Land Lots 9 and 10 in Section 14 of said Township 3 and containing 40 acres, as shown on Map No. 1 of Salt Marsh and Tide Lands.

PARCEL II

All that certain real property situate in the City of Atherton, County of San Mateo, State of California, described as follows, to wit:

Lots 44 and 49, as designated on the map entitled "MAP OF THE SUBDIVISION OF THE POLHEMUS TRACT IN THE RANCHO DE LAS PULGAS NEAR MENLO PARK AND LELAND STANFORD UNIVERSITY," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 29, 1891 in Book "C" of Maps at page 64 and a copy entered in Book 2 of Maps at page 35.

EXCEPTING THEREFROM that certain triangular piece of land in the northeasterly corner of Lot 44, deeded by J. A. Drinkhouse to Peninsular Railroad Company, a corporation, by Deed recorded September 23, 1907, in Book 141 of Deeds at page 149, Records of San Mateo County.

PARCEL III

All that certain real property situate in the County of Kings, State of California, described as follows, to wit:

The Northeast Quarter of the Southwest Quarter (NE ¼ of SW ¼); the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼); the Southwest Quarter of the Northeast Quarter (SW ¼ of NE ¼); and, the Northwest Quarter of the Southeast Quarter (NW ¼ of SE ¼), all in Section 20, Township 20 South, Range 19 East, Mount Diablo Base and Meridian, in the County of Kings, State of California.

PARCEL IV

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Van Dyke Avenue (formerly Twenty-second Avenue South) and the southeasterly line of Griffith Street (formerly "G" Street South); running thence northeasterly along said line of Griffith Street 200 feet to the southwesterly line of Underwood Avenue (formerly Twenty-first Avenue South); thence at a right angle southeasterly along said line of Underwood Avenue 300 feet; thence at a right angle southwesterly 200 feet to the northeasterly line of Van Dyke Avenue; thence at a right angle northwesterly thereon 300 feet to the point of beginning.

Being lots numbered 9 to 20 inclusive, in TIDE LAND BLOCK NO. 427.

PARCEL V

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Hollister Avenue (formerly Thirty-second Avenue South) and the southeasterly line of Coleman Street (formerly "C" Street South); running thence northeasterly along said line of Coleman Street 200 feet to the southwesterly line of Gilman Avenue (formerly Thirty-first Avenue South); thence at a right angle southeasterly along said line of Gilman Avenue 600 feet to the northwesterly line of Boalt Street (formerly "B" Street South); thence at a right angle southwesterly along said line of Boalt Street 200 feet to the northeasterly line of Hollister Avenue; thence at a right angle northwesterly thereon 600 feet to the point of beginning.

Being all of TIDE LAND BLOCK NO. 848.

PARCEL VI

All that certain real property situate in the County of Yuba, State of California, described as follows, to wit:

The East Half of the Northwest Quarter (E ½ of NW ¼) of Section 23, Township 17 North, Range 5 East, Mount Diablo Base and Meridian.

Also for general relief, as will more fully appear in the complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of San Mateo, State of California, this 15 day of May, 1947

Off The Blotter

The Daly City Police Department witnessed a typical week of duty this week, handling accidents, injury calls and numerous summons for aid.

Among their law enforcement duties was the arrest of Walter J. Anderson on a charge of drunk driving. Anderson was picked up by patrolmen while driving north on Junipero Serra highway. He was released later on $125 bail, to appear for hearing in Municipal court tomorrow.

Possibly more often than arrest comes the duty of reprimand. Local police were summoned to Clifford Pettigrew's Garage last Saturday to stop three very small boys from mischievous play which resulted in a few broken windows. The officers exacted a promise that the children's parents would pay damage costs.

The police provided transportation for two sick persons needing hospital care this week. Theodore L. Tiffreaux, 33 Muirwood drive, was taken to Junipero Serra hospital after he had fallen unconscious at his home. Dr. Drees diagnosed his illness as a severe case of flu.

Mrs. Andrew Chesney, wife of former Fire Chief Chesney, was taken to the hospital last Saturday after she had suffered a heart attack. She was returned to her home this week.

Mrs. Thelma Pate, 940 Post street, San Francisco, agreed to pay for damages to a car belonging to Eugene Segale, 250 Arlington street, San Francisco. Mrs. Pate said her car struck Segale's vehicle when she attempted to make a turn around him as the two cars were traveling north on Mission street. Segale did not sign a complaint.

Only property damage resulted from an accident involving two cars Monday at the corner of Mission street and Wellington avenue. The drivers were Edward Byrne, 6241 Mission street, and Arthur Linhares, 60 Shakespeare street.

Ralph E. Blaine, 73 San Diego avenue, was cited for lack of registration and prohibitive parking by officers who found his car parked in the driveway at 6628 Mission street.

How we're preparing for your holiday calls

"The Christmas rush" of long distance calls will be extremely heavy this year. Months ago we began getting ready . . . setting up operators' schedules . . . putting in special tables for extra operators to keep the flood of calls in their proper order and help complete as many of them as possible.

Behind the scenes, chattering teletypes feed information from all over the country to this huge board in our Traffic Control Bureau. In this long distance "nerve center" we help make sure each circuit is working at capacity . . . set up alternate routes to help relieve traffic jams and keep calls moving.

Your holiday calls are important . . . and we'll put through as many as we can . . . but there will be delays on Christmas Eve and Christmas Day — even though our circuits to the East are eight times their prewar number. So if you can call before or after December 24 and 25, you'll find service much faster.

Working together to provide telephone service every day in the year are more than 60,000 people who make up Pacific Telephone. Each has an important part in our mutual task: To furnish the best possible service to the greatest number of people in the shortest possible time.

NEWS FROM THE SCHOOLS

WOODROW WILSON

The children of the seventh grade are studying one of the great kings of Babylonia, one called Hammurabi. With his armies he conquered all the tribes and peoples up and down the length of the two rivers. But Hammurabi is not to be remembered as a conqueror, or a builder of irrigation canals, but as the king who codified the laws. His laws were fair, and the rich paid greater taxes and heavier fines than the poor. His laws are the oldest records of law in all the world.

The students in the high sixth and low seventh who have not been absent or tardy since September 10, 1947, are Joan Jobson, Ronald Charlton, Gerald Marsh, Donald North, Charles Olson and Shirley Scott.

We are getting started well in our new units. The sixth grade is studying Canada. We have learned that Canada supplies most of the paper we use. Most of the world's asbestos also comes from Canada.

The fifth grade is studying the south. Many of the things we use in everyday life come from this region. The south produces most of our cotton, sulphur and oil. We were all very glad that the basketball goals have been fixed.

The fifth grade boys and girls are studying about physical and political maps. They are very interested in the physical features of the United States and also those of California. This study is helping them to understand why California is such an important state with many great future possibilities.

The pupils of the high third and low fourth grades are beginning a new unit of work this week. The students are now studying about cattle ranches. The pupils of the low fourth grade are learning about the Spanish people in California. They are studying the reasons Spain sent people to build colonies and the hardships of these people. Both classes are completing plans for their Christmas parties.

The members of the low fourth grade went on an excursion December 10 to Mission Dolores. We went on the 26 bus to 16th and Valencia and then walked two blocks to Dolores street. We returned the same way. The trip was very interesting. We learned that the mission was begun four days before the Declaration of Independence was signed. We saw the original roof timbers and tiles and heard the original bells which came from Mexico. The walls we learned are four feet thick. We left at 9:15 and returned about 11:15. Three of the mothers from our class, Mrs. Klees, Mrs. Anderson and Mrs. Kelly, went with us.

The boys and girls of the high fourth are preparing and making Christmas decorations. Christmas tree ornaments, chains and pictures are in progress. Holly wreaths will decorate our windows and door very soon.

The children in the low third grade are completing their unit on Clothes of the World. They are going to learn about the different types of trees that beautify Marchbank Park.

The children in the low third wish everyone a merry Christmas and a happy New Year.

CROCKER

Duane Hale, low fifth, was happy to welcome his uncle back from Tokyo last Friday.

Low sixth grade in room three has been busy learning the traditional Christmas carols, as well as a few originating in the Kentucky mountains which are not frequently heard here in the west. The class recently enjoyed a program of carols presented by the American School of the Air which put them in the mood of holly, mistletoe and Santa Claus.

High sixth students have drawn names preparing for their Christmas party. Each one is to buy a little gift for the person whose name is drawn. Eddie Haussler purchased a war bond this week.

Norma Van Der Werff of the seventh grade enjoyed a trip to Monterey with her family last week end.

Carol Clarke, of the low eighth grade, purchased a war bond. "Old Ironsides," "Concord Hymn," and "Ship of State" are a few of the poems being memorized and illustrated by 28 students during their study of the Constitution.

JEFFERSON

"The American Way," an excellent sound motion picture, was shown to seventh and eighth grade students during their social studies period this week. Briefly, it was a dramatization of the Constitution of the United States, highlighting the check and balance system: legislative branch, Senate and House of Representatives; executive branch, headed by the President; judicial branch, Supreme Court. The amendments to the Constitution and how they may be brought about were interestingly shown, as well as the rights enjoyed by the American people: freedom of speech, right of trial by jury, freedom of religion, right of peaceful assembly, freedom of the press, and the right to own property.

High fourth and low fifth graders have started their new social studies unit on Mexico. The homes, people, climate and life in this colorful republic are proving a fascinating subject. Map work, history, art, Mexican songs and library reading will all play their part as the unit progresses. Several of the children brought interesting Mexican figurines and souvenirs to class.

In an effort to accentuate a clearer picture of the present conditions and culture in the Americas, Jefferson's fifth and sixth grade class was shown a number of visual film strips, dealing with the various countries of South America. Response to this visual demonstration was enthusiastic and the pupils felt that they had a better understanding of what they saw than if they had studied the material from their texts.

Once December gets under way, and the holiday spirit begins to be felt in the air, it is only natural that the feeling of Christmas prevails in schools and classrooms. Halls and classrooms take on a festive appearance as units of work are replaced by colorful decorations indicative of the approaching holidays. The real Christmas trees, the pictures of Santa Claus with the twinkling eyes, the jingle-bell songs and the carols during the singing periods, and on the last afternoon, the class parties and programs all add up to the fact that childhood in America is a happy time.

Lefty Hazel Tosses Ninth Straight Win For Daly City Nine

The Daly City baseball nine slammed home a 6-2 victory over the Molkenbuhr Brothers team at Bayview this week, bringing their score to nine wins in the current league season.

The local boys' rally started in the first inning, with the first four batters slinging singles to score two runs. Four more were batted home in the next three innings.

Larry Sylvestri, an outstanding figure at the plate, collected one single, a double and a triple to help Eddie White's boys bring home the beef. Herman Sick got two good hits in, as did Dick Schultz, star third baseman.

Lefty Hazel, on the mound for the local team, allowed but eight scattered hits. It was his ninth straight league win and his 16th consecutive game.

In a 2 p. m. game next Sunday on the Marchbank Park field, the boys will be out again to answer a challenge by Buzz Shamrock's that their might can halt the city team's winning streak.

Two more games are left in the league series — and the veterans can think of no better present from their sponsors than a better showing of pride and support.

Jeff High News

By Bob Pilgrim

Although this is "Jeff's" basketball season we are aware that come next spring the Jefferson varsity will probably have one of the best seasons in a long time. Returning from last year's varsity are pitchers Rico (Babe) Ottenello and Don Mossi (the football player); catcher, Rich Morgan; first baseman, Jim Silacci; second baseman, Leland Michelletti, and last year's third baseman, Ray Settrini. Coming up from the frosh-soph are Johnny Olcesce, third baseman; Rich Vers, shortstop; Joe Lufrano, catcher; Don Lungi, centerfielder, and Henry Morgan and Bob Lynch, pitchers.

During the summer these fellows played together and were highly successful. The pitching this year is going to make it very rough on most P.A.L. ball teams, with "Babe" Ottenello and Don Mossi throwing. Both of these boys are left handed, Ottenello being a curve ball pitcher and Mossi a fast ball artist. The infield will be well rounded with Silacci at first, Michelletti at second (many obeservers credit him with being the spark of last year's infield), Olcesce at third, and with Settrini or Rich Vers at shortstop. Donald Lungi will probably take heavy hitting Al Purcell's place in centerfield.

The biggest surprise of next year might be the hitting of Don Lungi and Rich Vers. Lungi played for the Colma Boys' Club and batted leadoff hitting between .400 and .500, which is very good considering he is only 15 and was playing class A ball. Rich Vers hit .467 in the American Legion and may prove a big factor in Coach Glen South's varsity. He is tall, an excellent fielder and has a good arm which is necessary for a shortstop. Need I say more?

With all this good material at hand Coach South should have no trouble at all making a championship team come 1948.

Lilienthal Elected To Fifth Year In Scout Presidency

Philip N. Lilienthal jr. of Hillsborough, president of the San Mateo County Council of Boy Scouts for the past four consecutive years, was elected unanimously last week to serve another term in the presidency.

The election meeting was held at Brewer hall of St. Paul's church in Burlingame.

Newly elected executive vice-president is Chester Armstrong of Redwood City, with Edwin Foss of Burlingame and A. E. Morgan of San Bruno as vice-presidents. Louis Colagiovanni was chosen treasurer; Ian Campbell, field commissioner for Cubbing, and Lt. Comdr. Holmes R. Benson, USNR, field commissioner for Sea Scouting.

Lilienthal, in his inaugural greeting to the assembled Scouts and executives, stated that the council would retain its slogan of the past several years—"United We Work."

Presentation of the silver beaver—highest national award to non-professional scouters—to Albert E. Morgan of San Bruno and Floyd Beach of Menlo Park highlighted the evening's activities.

U. S. Army Recruiting Bus Parked Here Tues.

Enlistment in the United States Army was made available to Daly City residents Tuesday when the Army Recruiting Service bus parked at the corner of Hillcrest boulevard and Mission street.

The recruiting office closest to Daly City is located at 2399 Mission street.

Enlistment age requirement is 17, with parents' consent; or 18 through 34. Men over 34 may enlist if they have a year's previous service for every year of their age over 34.

Men who have received combat disability discharges may re-enlist through December 31, after which time such re-enlistment will be closed.

High school graduates may apply to M/Sgt. George C. Casey at the recruiting office in regard to specialized school training.

The recruiting bus visited San Bruno yesterday and will be stationed in South San Francisco today.

Monoxide Fumes

For protection against deadly carbon monoxide gas fumes, the automobile exhaust pipe should always extend beyond the extreme rear of the car. If the pipe is shorter than the car, fumes from the exhaust pipe may be forced into the passenger compartment by vacuum pressure, created when the car is in motion.

GET INTO THE CHRISTMAS SPIRIT

☆ Inseparably linked since childhood in the minds of us all are Christmas and the familiar bell-ringing Santa Claus . . . faithful soldier at his post in rain, shine or snow. He is as much a part of the Old Christmas Spirit as stockings on the mantle or lighted trees. ☆ Through him and the organizations he represents Christmas comes to thousands of less fortunate and handicapped people here in Amercia. Without him their Christmas would be pretty bleak and cheerless. ☆ So give generously this year. Reach into your heart when you reach into your pocket. Get into the spirit . . . the Old Christmas Spirit.
